

Symposium on Emerging Topics  
in Control & Modeling: Biomedical Systems

ILLINOIS  
**April 22-23, 2010**

*The symposium will feature presentations from experts in academia, research clinics, and industry introducing the control, modeling, and systems challenges pertaining to their application. Register at:* <http://biomedsym.beckman.illinois.edu/index.html>

**Host:** Beckman Institute &  
Coordinated Science Laboratory

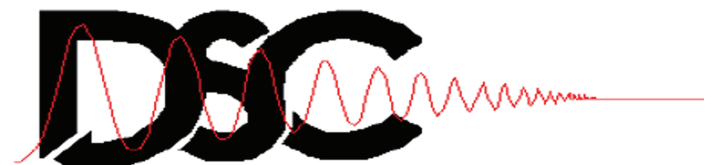

**Graduate Students:**

- Present Research in Interactive Session
- Limited Travel Grants Available, register early!
- Student Registration Fully Reimbursed

**Important Dates:**

**Case-by-case basis:** Travel Grant Applications  
**April 5**, Interactive Session Proposals Due  
**April 15**, Registration Closes

**Technical Co-Sponsors:** IEEE Control Systems Society and ASME Dynamic Systems and Control Division

**University of Illinois Sponsors:** Office of Public Engagement, Student Senate, Graduate College, Dept. of Aerospace Eng., Dept. of Electrical and Computer Eng., Dept. of Chemical and Biomolecular Eng., SORF
